debated conversations. It has allowed us all to truly speak our minds and set forth legislation for the Senate to vote on. We passed eight pieces of legislation and tabled two this month.

B. Diversity Council (VC)

1. Brief Summary:

a) The bulk of our meetings focused on the revocation of UCR as a Hispanic Serving Institution due to administrative clerical error. We have discussed during meetings and working hours weekly, drafting a letter and petition, in support of Internal Affairs. We spoke about the BLM Donation, hosting an event Wellness Drive, and giving consistent community updates.

C. Student-Parent Ad Hoc Committee

1. Brief Summary:

a) The committee created and passed SR-W21-006. I set up a meeting with Zuleika Bravo and attended with Yvonne Marquez, the student-parent assistant at the WRC and member for this committee. Zuleika is the UCLA Transfer Representative for their student government, and has done extensive advocacy work surrounding student-parent issues. We got to brainstorm different ideas and gain great resources to begin working on our own work for raising awareness and creating change within UCR.

D. Additional Committee Standings:

1. HUB Governing Board, CHASS Dean Search Advisory Committee, Lobby Corps, Commencement Committee, and STEM HS

III. Administrative Work

A. Ethnic/Gender Offices

1. Brief Summary:

a) We have yet to hear back from Chicano Student Programs after sending multiple emails. We understand that the time we find ourselves in is difficult for communication and hope all is well. As for Undocumented Student Programs, I contacted the Poder organization through social media and email. They replied on January 28th and we are in the works of setting up a meeting to create that connection between our offices.

B. Town Halls

1. Brief Summary:

a) I have attended several town halls throughout the quarter, and was able to speak at the townhall for Oban Family housing. I presented the resolution brought forth by student-parents, and shared it with the residential housing directors. This is a step in trying to build a coalition and circulate information that administration tends to overlook, and we hope to continue moving forward with these conversations. They have followed up with me via email.

C. Highlights

1. Brief Summary:

a) I am currently working on a speech for Latino Union as I was invited to be a guest speaker for their upcoming meeting on February 5th. I was also invited to be interviewed by Laura Anaya-Morga from the Highlander Newspaper regarding SR-W21-006. I am continuing to reach out and have meetings with UC parenting student associations as well. Lastly, I'm happy with the features through the election committee's marketing materials!

Brief Summary:</p> <p>a) The Finance Committee has been such a great experience so far! One recent</p>

change that affected our committee was that a handful of Senators recently advocated for an up to 25% allocation for organizations to use this limit towards giveaway incentives. Given the harsh times organizations are facing right now, this will greatly help out organizations when they come for help while we assist them in their budgets as many ask for compensation towards funding giveaways.

B. Diversity Council

1. Brief Summary:

a) Diversity Council meets every other week with the rest of the members.

During our meetings, it consists mainly of discussing ongoing issues that our members or their peers have heard is going on or are going through. One of the biggest discussion concerns we had this quarter was the BLM funding that seemed to be quite controversial with ASUCR and the BSU organization. We plan on hosting a TownHall in the upcoming weeks which should be very engaging as this committee can greatly relate to so many students here at the university.

III. Administrative Work

A. Covid-19 Potential Legislation

1. Brief Summary:

a) Given the harsh life conditions the covid pandemic has brought to communities all around the world, I am working on a legislation that will academically support students who test positive for Covid-19. As the symptoms for people can range from being very minimal to the almost extreme, I want students who do undergo this virus to be assured that the school is willing to support their well-being. I have been conducting research on the web and see what other schools have been doing for their students. I am confident that this legislation will reassure students that ASUCR is here for them and for their academic success.

B. SOBA x ASUCR

1. Brief Summary:

a) The past winter quarter, I have been working very closely with Senator Morales and Senator Assaf to build a connection between the School of Business Administration and ASUCR. Given that there is currently no representation from this department in ASUCR, we aim to build a connection with the Dean and open up the possibility of promoting a Senator for this school department. We have met with the Dean previously and have been conducting on-going research with Business students and also through the web regarding how other business schools handle their prerequisites.

IV. Events

A. ASUCR Town Hall

1. Brief Summary:

a) One of my main administrative works this quarter is collaborating with a handful of the other CHASS Senators to host our very first Town Hall. I am currently in charge of getting the gift cards approved through the Senate and the Finance committee while also creating the presentation survey with Senator An. We aim to use gift card incentives to encourage students to come out next Monday and give us informational feedback on what they want the ASUCR to improve for their school department.

I have assigned him small tasks like attending the SOBA Dean presentation in my place due to me being unable to attend. He took a handful of notes for me and made sure to ask questions I was curious about from the Dean. I plan on having him assist me with my upcoming legislation work as I feel he would be a great contribution to the projects.</p> <p>B. Weekly Reports</p> <ol style="list-style-type: none"> 1. Our second large-scale initiative is still in the process of approval and it is to replace all of UCR’s single-use to-go containers with reusable, washable containers. It is a large project that will change the landscape of how UCR does to-go dining in the future, reducing lots of unnecessary waste. <p>Connley Neufeld cneuf001@ucr.edu</p>	<p style="text-align: center;">LATE SUBMISSION</p> <p style="text-align: center;">Senator Report 1/5/2021</p> <p>This quarter I will be getting back to work after my unplanned absence. This week I will be following up with Senator Ballesteros about our meeting with the dean. In addition I will be in contact with my groups and committees to figure out a schedule for this upcoming quarter. I also plan on beginning work on my legislation piece with VP of Internal Affairs Angelica Garcia.</p> <p style="text-align: center;">Senator Report 1/12/2021</p> <p>This past week I have been coming up to speed with what I had missed the last few weeks of Fall Quarter. My intern, David Kiroloss, mentioned his want to create a poll asking students their opinions on group chats for classes, potentially leading to a legislation piece regarding them, so as to allow them for the use of studying. This coming week I plan on getting in contact with fellow BCOE Senator Ballesteros to coordinate ideas for our town hall, potentially including the BCOE Dean at the actual town hall if he would be willing to do so. The Women’s Resource Center group will be meeting with the WRC on Thursday (1/14).</p> <p style="text-align: center;">Senator Report 1/19/2021</p> <p>On Thursday 1/21/21 I will be meeting with BCOE Senator Leonardo Ballesteros, Senate Intern Pillai, and Senate Intern Kiroloss to discuss goals for the quarter. This includes topics such as the townhall and its focus, our meeting with the dean, and any other relevant planning for the upcoming quarter. I will soon be contacting Academic Affairs Commissioner Arshneel Kaur of the Internal Affairs Office to discuss legislation. I also will be working with my intern with any help he needs for his legislation he is currently gathering research for so that he may begin working on, answering questions and providing assistance when possible.</p> <p style="text-align: center;">Senator Report 1/19/2021</p> <p>On Thursday 1/28/2021 I will be meeting again for a follow up meeting with Senator Ballesteros and our interns to discuss more about our upcoming town hall. We have decided to invite the dean to it, and we are working on various areas of planning. I will also be meeting that same day with Arshneel Kaur to discuss legislation. I met with my Senate Intern on Monday both as a general getting to know each other as well as to discuss ASUCR. Arshneel and I talked about many legislative ideas, all of which I look forward to working on. They included obtaining a grant to provide test preparatory programs for tests such as the MCAT, NCLEX, and LSAT. Another legislation involves requiring professors to record their lectures, which will be difficult to pass but would vastly improve many student’s abilities to adapt to online learning as many home situations do not allow for strict and specific times for lecture attendance. We also discussed introducing an additional one, multiple, or even a continuous way to</p>

evaluate professors throughout the quarter, not just at the end such as the case with the current system. Being able to evaluate only at the end of a term can cause students to forget grievances with or compliments of a professor, and lead to overall low engagement when it comes time to evaluate.

<p>Stephanie Zeng szeng009@ucr.edu</p>	<p>I. Legislation A. Equal Representation for all Students (ERFAS) (Secondary Author)</p> <p>II. Committee Assignments A. LRC 1. Brief Summary: a) LRC has been meeting every Monday from 12pm-1pm. So far, we have been getting legislation pieces each week which is great and reflects the hard work that senators and others are doing. We have also been having senate interns come in and shadow how our meetings run.</p> <p>B. WRC 1. Brief Summary: a) WRC met for the first time this quarter on (1/14) and we went over some updates. This included being added to their newsletter and how we can support their upcoming events. I have also been a liaison for CNAS senator Nguyen and WRC for helping her plan out her self defense workshop event that she wants to do with WRC. We are hoping to have that executed at the end of the quarter or beginning of Spring.</p> <p>C. TnT 1. Brief Summary: a) Tnt met for the first time ever for the school year on (1/7). The committee has been put together and everyone in it has been assigned their positions! Our first meeting consisted of introductions and planning for the quarter. We are now hoping to plan an event out for the quarter. We are now going to be meeting every Friday from 5pm-6pm. There has also been a lot of planning centered around TnT presence on social media in order to reach various student groups. We released introductions of each committee member and are planning to spotlight a TnT student on Instagram as well. We are also shooting for a social event on week 5 and townhall on week 7.</p> <p>III. Administrative Work A. GSOE Town hall 1. Brief Summary: a) Met with my deans in the first week of Winter quarter. I discussed the town hall idea with them and they were immediately interested. We are having the deans, advisors, senior leadership team, and ambassadors there for the town hall on January 29 @ 1pm. We are even giving out EIGHT \$30 Amazon gift cards :-) We are centering the town hall on how to support student success during a remote environment. We will be having a scribe write questions/answers so that we can send this information out to students who are unable to attend the event.</p> <p>IV. Other A. Senate Intern 1. Brief Summary: a) I met with my intern, Fiona Nguyen at the end of Fall quarter and again in the beginning of Winter quarter to refine the goals we had for her. So far, she has been assisting me with event planning for GSOE town hall which is the biggest</p>

	<p>task so far especially being only one senator for GSOE. She has helped me with marketing and promotion ideas and then I ran through how to create event times lines in order to execute an event successfully. She is then eager to also help me plan the WRC self-defense workshop with CNAS Senator Nguyen. Our goal after executing the event is to help her write either one resolution or bill. I went over resolution/bills templates with her and showed her some pieces I wrote last quarter. The examples helped her gain a better understanding which was really relieving!</p>
