Environmental Justice- Air Pollution <ol style="list-style-type: none"> a) For this event, we had guest speaker, Ivette Torres (UCR Alumni of 2020), from CCJ to talk about environmental injustice in the Inland Empire. We introduced UCR students to air pollution and how it can negatively affect our health and our environment. This event was successful because we facilitated a conversation about air pollution and our guest speakers demonstrated a few ways students can help to fight for clean air.

3. Food Insecurity Survey
4. Environmental Justice- Food Deserts

B. Winter: 3

1. Zero Waste
2. The realities of Recycling
3. Student Sustainability Survey

a) Brief Summary:

(1) The purpose of the student sustainability survey was to gain a better understanding of UCR students in regards to their ecological footprint and eco-consciousness level in comparison to the general population of UCR's population. We had less than 400 undergraduate students participate and we found some pretty interesting stuff. In addition to this survey a former GCAP intern and former CHASS senator, Nelson Huerta, and I teamed up and wrote a research paper on the survey results. The data from the survey and research paper will be uploaded on GCAP's website.

C. Spring: 7

1. Virtual Sustainability Fair/ Earth Week
 - a) Brief Summary: The Virtual Sustainability Fair/ Earth Week event was a week of different giveaways.
2. Monday: Zero Waste 24 hour giveaway
3. Tuesday: Composting 24 hour giveaway
4. Wednesday: Food Insecurity 24 hour giveaway
5. Thursday: Air Pollution 24 Hour giveaway
6. Friday: Environmental Justice 24 hour giveaway
7. Environmental Justice Mixer - Environmental Justice with UCR's Office of Sustainability.

III. Committee Meetings

- A. Fall: 4
- B. Winter: 8
- C. Spring: 7

IV. Administrative Work

A. **GCAP Internship Program**

1. Brief Summary: The internship program aids departments on campus and GCAP to focus on environmental projects, events, and issues on campus. The program covers labor costs for current undergraduate students at UCR.

V. Other

A. **GCAP Website**

1. The GCAP Website is a great place for students to learn about sustainability and environmental issues. This year we had record breaking visits from students all over the world. GCAP intern, Purnima, was responsible for the maintenance of the website and designing the pages. She will continue to edit the website for next year.
2. The website is to be catered to UCR students in order to promote a sustainability culture on campus. The website can help students to find nearby ethical, sustainable, minimal waste stores.

VI. Improvements

- A. **Increase the GCAP Referendum Fee ASAP**

	<ol style="list-style-type: none"><li data-bbox="586 212 1446 415">1. I strongly recommend Alondra, 2021-2022 VPS, to create legislation to increase the GCAP Referendum fee and allow it to automatically update to consider inflation. I recommend this because the cost of minimum wage is increasing and the rate we are at, we will not be able to afford several GCAP Interns. We have received great feedback and compliments from several departments across campus about GCAP interns.<li data-bbox="586 422 1446 556">2. The GCAP internship creates opportunities for undergraduate students and allows the university to meet UC environmental goals. Thus, it is important we secure appropriate funding to allow for the program to continue as much as possible.
